

Homeowner Paint Inspection Check List

Date _____

Dear Homeowner:

The painting of your home has now been completed. Before making final payment to the contractor, we want to insure that you are satisfied with the work. This is the only opportunity you have to report damages or unsatisfactory work. Please take the time to thoroughly inspect the painted areas of your home. Also inspect all non-painted surfaces on or adjacent to your home for paint drips.

Incomplete or unsatisfactory work must be reported, in writing, no later than _____, 2006. For your convenience, you may complete this form and drop it through the slot to the left of the Clubhouse 2 front door.

If you are an absentee homeowner, please contact your tenant(s) with the necessary information.
